

Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Monday 12 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Cold and dry overnight. Sunshine and showers on Tuesday.

This Evening and Tonight:

Cloud clearing through the evening to become largely clear and dry overnight. Cold, with widespread frost forming. A few patches of low cloud will develop in the west before dawn. Minimum temperature -6 deg C (21 deg F).

Tuesday:

After a bright and frosty start, cloud will increase through the morning, bringing a mixture of scattered, occasionally heavy, showers and sunny intervals. Feeling milder than Monday. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:

Sunny spells and isolated showers on Wednesday. Dry on Thursday and Friday, with sunny mornings and cloudier afternoons. Gradually becoming milder by day, though still cold overnight.
